Position Announcement
(October 2014)

Open Rank Faculty Position
Assistant Professor/Associate Professor/Full Professor
Department of Mechanical Engineering
University of Maryland, College Park

The Department of Mechanical Engineering at the University of Maryland, College Park invites applications for a tenure-track faculty position in areas of advanced manufacturing or robotics. The target start date is August 2015. It is anticipated that the successful candidate will join the department at the rank of tenure-track assistant professor. Exceptional candidates may be considered for a higher rank based on experience and qualifications.

Qualifications: Candidates for the rank of Assistant Professor should have received or expect to receive their PhD in Mechanical Engineering or a related discipline prior to employment. Additionally, candidates should be creative and adaptable, and have a high potential for both research and teaching. Candidates for the rank of Associate or Full Professor should have a distinguished record of research and educational activities as well as a strong funding history.

Additional Information: For best consideration, applications should be submitted by December 15, 2014, but the position will remain open until filled. Women and minorities are strongly encouraged to apply. Please apply by uploading the following documents through the UMD employment website at http://ejobs.umd.edu, position 105934:

1) Cover Letter
2) Curriculum Vitae
3) Research Statement
4) Teaching Statement
5) References (names of four)

Inquiries may be sent to: mejobs@umd.edu.

The Department of Mechanical Engineering hosts vibrant education and research programs and is currently ranked in the top 25 of all mechanical engineering graduate and undergraduate programs within the United States. The Department's faculty members maintain active research programs, and teach undergraduate and graduate courses in mechanical engineering and reliability engineering. For further information about the Department, please visit the Department's website www.enme.umd.edu.

The University of Maryland, College Park, actively subscribes to a policy of equal employment opportunity, and will not discriminate against any employee or applicant because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, political affiliation, and gender identity or expression. Minorities and women are encouraged to apply.
